Special Newsletter

Some Government agencies are offering early out with a very short deadline. EPA announced it will give employees 2 weeks to decide. The raise in cost of FERS and CSRS pension salary deductions has passed the House budget committee by a vote of 60-1. It would raise the amount the employee pays for retirement benefits from the current (in most cases) .8% by 1% per year for 6 years. It would also change the calculation of the pension from the high 3 years to high 5 years.

If your agency is interested in retirement seminars, we are offering big discounts for 30 -100 attendees. Contact Alec Rodney at 619-889-6585 for details.
